

HEINE DELTA 30 dermatoscope

THE MOST IMPORTANT POINTS AT A GLANCE

HEINE DELTA 30 dermatoscope

● ● ●
charge state
66 - 100 %

● ● ●
charge state
33 - 66 %

● ● ●
charge state
10 - 33 %

● ● * flashes
charge state
< 10 %

For a secure fit, the contact plate snaps into place with a clearly audible click.

Diode lights up
blue = polarised
illumination

Diode does not
light up = non-pola-
rised illumination

A FILM SAYS MORE THAN A THOUSAND WORDS

The "Application" video shows the DELTA 30 in action.

Remember each and every mole.

The HEINE DERManager* is the ideal complement to your DELTA 30. This software solution makes digital management of dermatoscopic image data simple.

*Check on our website in which countries the DERManager is currently available.
